BARGAIN COLLECTIONS

As most of you know some varieties multiply faster than others, and we have small surpluses develop here and there. So to take care of this we are offering the following: Send us any amount you would like along with a list of your likes and dislikes or better still a list of the varieties that we could make up your package from. We know you will like what we send you. Why not try us.

TERMS:

Cash with order, check, draft, or money order. All orders Postpaid over 4.50 in the United States. On orders less please send along 50c postage unless noted on some collections.

Don't forget our 50% bonus that apply on all orders regardless of size **except** where noted on special items and collections.

For example:

On a \$5.00 order select \$7.50 total catalogue value.

On a \$10.00 order select \$15.00 total catalogue value.

On a \$15.00 order select \$22.50 catalogue value.

This way you can select your own bonus plants instead of us possibly sending you a variety you already have.

Our main shipping season is from June 1st until December 1st. Although we will ship any time by special request and it is possible.

OUR GUARANTEE:

We guarantee all plants true to name and free from pests. Also if the plants fail to survive we will make an adjustment. All plants are fresh dug for each order. All plants sold by us are grown in our gardens.

IN ORDERING :

We do not substitute unless requested. All plants are in good supply this year so this probably will not happen. If we may substitute please send along a list of some you would like.

GIFT ORDERS:

Over the past few years we have been noting a trend to send gift orders of iris and daylilies. So if you have this in mind too, let us know what the occasion is for and we will send a proper card along with your name.

OUR TENTH BIRTHDAY ANNIVERSARY SALE OF IRIS

We have planned this sale for the past several years, and hope you like our offer to you.

DAYLILY SEED

WE OFFER SEED FROM OUR BEST VARIETIES.

\$1.00 PER PACKET OF 50 SEEDS

HEMEROCALLIS - DAYLILIES

Here you will find listed some of the worlds best perennials. As we have repeated every year since we began listing daylilies, "Daylilies are one plant that should be in everyone's garden". It has been quite amazing the popularity they have gathered.

They bloom from spring 'till frost. More bloom scapes are produced and the flowers are larger as each year passes. Making them "permanent beauty in your garden". No pests or diseases seem to bother them, for they go right on blooming year in and year out even with neglect. Of course the more care and water you give them the more they will reward you. Most all varieties listed are hardy from Canada southward. So make it a point this year to plant a little corner of your garden with them. We know you won't be disappointed.

The divisions we send out are large and heavy. WE SEND DAYLILIES ANY TIME OF THE YEAR WHEN OUR WEATHER PERMITS DIGGING.

E: Evergreen D: Deciduous Followed by the average height.

AFTERGLOW D-3' Medium sized flowers of pale buff pink tinted with sunset hues, which become pinker and more pronounced at the throat when exposed to the sun50

ALADDIN E-3' Deep gold with a bright garnet-red eyezone. Reblooms several times each season50

ALMA KING E-3' A brilliant blend of red and indian orange.. Creped texture and sunfast1.50

AMHERST E-2½' A large well formed, light purple with light cream mid-ribs. Yellow throat1.50

VISION OF MERZA ML-36" White plicata marked in rose-brown.
YUMA M-36" Yellow plicata edged purplish-red.

ARILBREDS

In this section you will find one of the most interesting types of bearded iris grown today. All of them are descendents of iris that come from in and around the Holy Land. As a rule it is quite hard to grow these native species, but thanks to our modern day hybridizers who have crossed and recrossed these natives with our regular bearded iris which grow so well; we have now plants which grow quite easy and have flowers that look a great deal like the wild species. As a rule most of these listed are quite hardy in the open, but some will need a little protection in the coldest areas. In all cases we will advise you when you order a tender variety. So this year if you do not grow any of these listed order a couple and tuck them in somewhere. You won't regret it.

TABLE INTERMEDIATE AND FALL BLOOMING IRIS

We find a growing interest in these shorter and smaller cousins to the tall bearded varieties. This year we are again listing the Tables, Intermediates, and Fall Bloomers together. The shorter bloom stalks and smaller blossoms make them ideal for arrangements and also stand up to the weather better. Most all listed will grow quite fast and produce quite a large clump the first year.

ANGELITA M 18" White plicata with blue stitching75	JACK ROSE M 22" Deep maroon red with a golden beard35
ARCADIA BLUE E 30" Light blue standards, darker falls. Reblooms35	KEWPIE M 24" Maroon table iris with orange yellow beard50
